

STATEMENT OF PURPOSE

Introduction

At a core of every successful business is a part of crucial financial decisions that impact the success and viability of the company. I [REDACTED] resident of Nagpur studied finance in my undergraduate studies because I have always been intrigued by idea of money being an important resource for a successful business if used wisely. Through observing the way various companies manage their money, I have gained insight into what type of risk and ventures are viable in various field.

Academics and Work Experience

I completed my Bachelor of Business Management at [REDACTED] Nagpur in 2021. I have done Higher Secondary schooling from [REDACTED]. During Bachelor, I had participated in various activities and projects and one was related to finance, in that event I worked with my seniors and that gave me an exposure as to how we manage a whole event, how to work as a team and bring out maximum result and how to complete a task in given time frame. So it was quite challenging for me to show my excellence however, I pushed myself out of my comfort zone and did my best in addition to I got appreciated for my efforts which boosted my confidence a lot. Participating in event and doing work was fun and I was enjoying this soulfully.

After completion of my Bachelor, I did six months of internship in CA firm which belongs to [REDACTED] wherein I worked there as an Audit Assistant, I learnt how to make a proper balance sheet, GST (Goods & Service Tax), VATT, ITR filing (Income Tax Return) and basic of Stock Market. I help in Auditing to many small and large scale companies I also filed GSTR-1 and GST 3B which is monthly statement of outward supplies that every registered taxpayers have to pay. Moreover, I trained how to find taxes using Tally and Ms-Excel formulas. In my academic and cooperate years I learnt about time management, deliverables, stress management and how to give the best possible result.

WHY UK AS A STUDY DESTINATION:

I am aware that UK education system has more practical approach which will help to prepare myself for current global market requirement. Universities in UK are considered as best in the world. All the UK universities provides dynamic, innovative, and encouraging environment to find potential of every student.

STATEMENT OF PURPOSE

Why MBA Finance

MBA in Finance is an appropriate course for me because I am quite interested in it and therefore did an internship in the same field. MBA in Finance would help me to specialize and understand different aspects of finance which will provide a good supporting to my career goal of opening my own firm. I want to help my clients and suggest designing the unique financial plans that are the core of every successful business venture.

Why Coventry University

Coventry University is one of the best ranking university and stands attractive internationally since long years. More than that, the syllabus of the course that is mentioned in website is relevant, quite updated and covers major aspects of Business Management.
